#### SECTION 3. GOALS. Using your family resource inventory and conversations with your family, write one to four goals for your forest property.

- GOAL 1. To provide quality habitat for game and non-game wildlife species.
- GOAL 2. To provide firewood for home heating and outdoor exercise.
- GOAL 3. To maintain some of the property in a natural setting as an outdoor laboratory for home-schooling.
- GOAL 4. To gain the skills necessary to better manage our property and produce additional income from forest products.

#### SECTION 4. VISION STATEMENT. Using your goals, try to write an overall vision statement for your property.

Our land is our home and place to get away. We will manage our forests for aesthetics, recreation, wildlife, and income, but do so in such a way that minimizes long-term impacts to soil and water quality.
