ACTION PLAN

Keeping in mind the main factors you marked on the previous page, develop your Semester Goals and Action Plan on page 4. Goals should be “SMART”:

Specific
Measurable
Attainable
Relevant
Timely

Identify campus resource(s) from the list below that you can use to make improvements. Finally, describe potential obstacles and strategies to overcome them in order to prevent these obstacles from affecting your academics in the future.

Example

Goal: Improve my writing skills by the conclusion of the spring semester.

How I will achieve this: I will schedule 10 hours a week to focus on my English class.

Obstacles I may face: Difficulty understanding the writing prompt; procrastination when it’s time to start a paper.

Strategies for overcoming obstacles: I will attend a workshop on ways to overcome procrastination through the Student Success Center. I will meet with my ENGL 1106 instructor for extra help and submit any opportunity for re-writes.

Semester Goals and Action Plan	
Use this chart to develop three goals that relate to your success in the upcoming semester. Decide what you need to do to accomplish each goal by creating an action plan. As a final step, think about the challenges or obstacles you might encounter that would interfere or prevent you from accomplishing your goals and decide how you can overcome the obstacle(s).

ACADEMIC ELIGIBILITY POLICY

Continued enrollment at Virginia Tech is a privilege that is granted as long as the student is making satisfactory progress toward a degree, maintenance of the required minimum Grade Point Average (GPA), and compliance with all regulations stipulated in the University Policies on Student Life. The following is a summary of the Academic Eligibility Policy; the policy in its entirety can be found here: <http://www.undergradcatalog.registrar.vt.edu/1718/academic-policies.html#2>

The minimum standard for good standing is eligibility to enroll. The required minimum grade point average is 2.00. Students on academic probation and warning are eligible for continued enrollment and good standing (absent any violations of regulations stipulated in the *University Policies on Student Life*).

Academic Warning: Students earning less than a 2.0 term GPA, but with a cumulative grade point average of 2.0 or higher, will be placed on academic warning without notation on the academic transcript. Students on academic warning will be required to consult with the appropriate undergraduate assistant or associate dean of their college and to sign an academic contract. Failure to complete an action plan (academic contract) may result in prohibition from future enrollment(s).

Academic probation is imposed when the cumulative GPA is less than 2.00; academic probation is lifted when cumulative GPA is at least 2.00. Academic performance will be reviewed at the end of each regular semester (fall and spring).

A student on **probation:**

1. may take no more than 16 credits per semester;
2. may be required (at the discretion of individual colleges) to consult with an advisor before beginning a probationary semester, and to sign an academic contract acknowledging his/her performance is not meeting university standards and stating what actions she/he is committed to taking to improve performance.

First suspension will be imposed whenever one of the following occurs:

1. A student on academic probation has a cumulative GPA less than 2.00 for the first 2 semesters (fall, spring) of enrollment; or
2. A student has 2 consecutive semesters thereafter with a cumulative GPA below 2.00.

First Suspension (Fall): A student who is placed on first academic suspension at the end of fall semester will be suspended from continued enrollment through the end of the following spring semester. **Note:** Students placed on first academic suspension at the end of fall semester are eligible to return the subsequent first summer, second summer, or fall semester.

First Suspension (Spring): A student who is placed on first academic suspension at the end of spring semester will be suspended from continued enrollment through the end of the following fall semester. **Note:** students placed on first academic suspension at the end of spring semester may NOT enroll in the immediately following summer session.

A student must earn a minimum 2.00 semester GPA the first semester back and raise the cumulative GPA to at least 2.00 by the end of the second semester back or earn a 2.50 GPA for every semester following the suspension until cumulative GPA is 2.00 or greater. A student will be placed on **second academic suspension** for failure to meet returning performance requirements.

Second Suspension (Fall): A student who is placed on second academic suspension at the end of fall semester will be suspended from continued enrollment through the end of the following fall semester. **Note:** students placed on

second academic suspension at the end of fall semester may NOT enroll in the immediately following summer session.

Second Suspension (Spring): A student who is placed on second academic suspension at the end of spring semester will be suspended from continued enrollment through the end of the following spring semester. **Note:** students placed on second academic suspension at the end of spring semester may NOT enroll in the immediately following summer session. The same returning performance requirements apply for second suspension as for first suspension.

Final Suspension: A student will be permanently dismissed for failure to meet returning performance requirements after a second academic suspension.

Acknowledgement

- I have received, read and understand Virginia Tech's Academic Eligibility Policy.
- I understand that if I do not improve my standing I could be suspended.
- I will complete the Corrective Action Plans to the best of my abilities as outlined above.
- I agree to attend a meeting with a member of the advising staff.

Type your name on the line below to indicate your acknowledgement of the above policies.
